THE FIRST CHRISTMAS in their new home was a big event for the children in this special education class. Located in a building east of Central school, Tinley Park, it is a class for the trainable mentally retarded, opened last September. This is a part of the cooperative program in which a number of area schools are involved. The children made all of the

decorations for the Christmas tree, using cardboard, paste, paint, bottle caps, and other scrap materials. Standing in the rear is the teacher on the left, Mrs. Robert McEwen. The other two volunteer helpers are left to right, Mrs. Charles Kelly and Mrs. Allen Verhage of Tinley Park. (Times Photo)

The Christmas Story, According To St. Luke

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

And all went to be taxed, everyone into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem; because he was of the house and lineage of David.

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her first born son and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And, lo, the angel of the Lord came unto them, and the glory of the Lord shone around them; and they were sore afraid.

And the angel said unto them, Fear not; for behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Savior, which is Christ the Lord.

And this shall be a sign unto you; Ye shall see the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to god in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord has made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart. (Chapter II, Gospel of St. Luke.

Editorials

Yes, Virginia

What is perhaps the nation's most reprinted editorial was written in the year 1897, in response to a school girl's simple question about the validity of the Santa Claus legend. Virginia O'Hanlon, then eight years old, sent this question to the editor of the New York Sun: "Dear Editor: Some of my little friends say there is no Santa Claus. Papa says, 'If you see it in the Sun it's so.' Please tell me the truth, is there a Santa Claus?"

The answer to this question, penned by an editorial writer named Francis Pharcellus Church has become an American classic. Here it is, in full:

"Dear Editor—Some of my little friends say there is no Santa Claus . . .

Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except what they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Virginias. There would be no child-like faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else more real and abiding.

No Santa Claus! Thank God! he lives, and he lives forever. A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood."

On Second Thought

By GLENN F. LOGAN

From the time when the Magi brought gifts to the Infant Jesus, Christmas has been a time of giving.

What one gives is not important. It is the spirit with which the gift is made.

Gifts made grudgingly, or because merely to conform with what is expected of one, are empty and without meaning. To be truly gifts they must come from the heart. As James Russell Lowell phrased it—

"Not what one gives but what one shares,
For the gift without the giver is bare."

Acceptance of the gift in the same spirit with which it is given is important too.

Those who suffer sickness, trouble or have experienced bereavement can still find a joy a Christmas.

There are very few of us who can't turn his thoughts back to some Christmas that was a special joy, and live it again. We can be poor of purse but have great wealth in our memories.

This is the time of year when folks are friendlier, kinder and find it easier to smile than of yore.

This is the time of year for one to renew old acquaintances . . . to sit by the fire and read again Dickens' Christmas Carol . . . to listen to Christmas music . . . to think of the night when The Star lighted the heavens as a sign of a new world, a new era.

Re-reading A Christmas Carol is an old habit of this department and there are many others so addicted . . . given a little prompting they could recite entire passages verbatim, not including the beginning and the ending which of course are too easy.

Dickens, who wrote in protest against selfishness and abuses existing in the society of his day, turned out a piece that has served the same purpose for succeeding generations.

The Ghosts of Christmas Past Present and Future, not only transformed Scrooge into a genial, generous person who knew who to keep Christmas well but who knows how many who have read or heard the story have had a similar transformation as a result.

Christmas is not only a joyous time but is also a time to be generous, especially in spirit.

One can have all the gold of fabled Midas yet not know how to keep Christmas; one can be as poor as Job's turkey, yet know how to keep Christmas well.

A Merry Christmas to all of you and may you have many, many more.

COOK COUNTY ASSOC. FARM ADVISER

TINLEY PARK - KE 2-4374
Dr. Harold Halcrow, head of the Dept. of Agricultural Economics, University of Illinois, recently offered these views on the farm problem. The battle over farm price policy that has raged intermittently for almost early or easy settlement in the 1960's. Dr. Halcrow suggests four areas to which government policy-makers and others interested in agriculture should devote more attention:

1. Young people in rural areas need a broader education so that they will not be solely dependent on farming as a future occupation. Studies show that there is room in farming for about one out of four or five of the young people who grow up on farms. Many of these young people are not aware of the great opportunities open to them through education.

2. Off-farm employment will greatly aid those who find themselves in low-income situations and who have the qualifications

for and an interest in off-farm employment. Ways should be found to provide job training so that those who take nonfarm jobs won't have to start so far down on the income ladder.

3. Farm families need help in planning and financing the best adapted family farms.

4. We need to recognize more clearly the place of programs that will "cushion" the shock of a price squeeze pending more fundamental allocation of resources. We should have emergency programs, but we should be willing to modify these programs in time to prevent difficult adjustment problems.

Hints For Homeowners

BY: JAMES FIZZELL
Ass't. Farm Adviser

The decorating of our homes at Christmas time is a tradition which has grown up through the ages and had its beginning even before the first Christmas.

The custom of kissing under the mistletoe, or possibly as a result of a centuries old rule in some countries that enemies became reconciled at the New Year. They would meet under the mistletoe and swear friend-

ship for the coming year.

In many lands, holly was thought to protect the occupants of a home in which it was placed from witches, thunder and lightning. Evergreen boughs were a symbol of immortality. It is quite natural that these materials be formed into wreaths, which are themselves a symbol of victory, and be placed at windows and doors for the Christmas season.

The use of flowers seems to stem from the legend relating how the plants, trees, and shrubs all burst into bloom on the first Christmas eve in Bethlehem.

The use of the Christmas tree is thought to have originated as a symbol of the Tree of Paradise in the Garden of Eden. The custom seems to have come to this country during the Revolution when home-sick Hessian soldiers erected trees to remind them of their homeland. The popularity of the custom has

Business & Finance

BY MAURICE P. ANGLAND

The problem of flow of gold away from this country, has had considerable study and it would seem the problem is coming under control without resorting to drastic measures.

Almost all informed observers express the belief that any drastic steps by this country to stem the flow of gold, would have repercussions in the economic life of western Europe.

The western world had been in agreement that the western world should share in the cold war struggle. However, the agreement in principle did not bring concrete action of any volume. This is not too surprising since most of us may believe that we should assume certain burdens, but we may procrastinate in the actual assumption of that expensive burden. It is much easier and more comfortable to delay. It was also easy to rationalize such a delay.

Our government decided to take immediate steps to correct the situation thru withdrawal of aid and military support, etc.

West Germany is arranging for immediate payment of \$600 million on its debt to this country. Britain which has been attracting investment dollars due to higher interest rates, has lowered the basic rate of interest making it less attractive for dollars to seek investment in Britain. Both of these moves were no doubt somewhat unpopular in these countries.

We can expect other moves from the western world in the assumption of a share of the cold war burden.

John J. McCloy, board chairman of the Chase Manhattan Bank of N. Y., recently stated: "The present imbalance in U. S. international payments is a troublesome matter. However the imbalance arises from the strength of the U. S. rather than weakness; by its success in the rehabilitation of other economies, rather than its failure."

There will be a stepping up of exports of our farm products as well as increased orders for American military equipment and sharing of costs of joint defense programs.

Our governments announcement of drastic moves to protect the dollar, is now starting to bring concrete action instead of delay and sympathy for our position. We cannot know that our governments stern measures were intended to force government leaders of the western world to take steps to aid in equalizing the burden of the cold war. However, in all democracies it is easier for the politician to stay in office coasting along comfortably rather than face a situation which is likely to be unpopular to many voters

who do not understand the facts of economic life. Our protective moves would pinch the industrial life of these countries which are currently enjoying prosperity.

Standard & Poor Investment Service Annual Forecast for 1961 has just been released. As to the present recession in business and forecast, the survey states:

"Since current softness in the economy cannot be ignored from a tactical standpoint, it should not be allowed to obscure the excitement of powerfully dynamic long range forces and their importance in investment planning. The coming decade promises substantial rewards. To make the most of them, however, will call for extreme selectivity, perhaps involving the discard of some traditional investment favorites."

minds of the early disciples of Jesus. When He was crucified, dead and buried, they thought that was the end of the one whom they called Master and Lord.

But to them, and to thousands of believing Christians throughout the ages, in their moments of doubt, anxiety, and despair it has been proved repeatedly that Jesus the Christ rises victoriously over every evil force. The light which people have seen in Him will shine eternally.

PRAYER: O Thou who art the eternal light, shine in the darkness of our world and in the darkness of our souls. In Thy light may we see light and follow it to the end of our days. In our great Redeemer's name, Amen.

The true light that enlightens every man was coming into the world. (John 1:9, RSV.)

In the world in which we live there is much of darkness. We see peoples and nations groping in the dark. Some think they have seen the light; but they are following an illusion—some false light which guides no more, some light which has burned out in the course of time.

But the light which people have seen in Christ never fades because its very source is God. There are, of course, moments in our lives when we doubt this. There was such a moment in the

Joliet Catholic Bishop Issues Yuletide Message

The Most Rev. Martin D. McNamara, D.D., Bishop of Joliet, today issued his annual Christmas message through the Chancery Office.

The message reads as follows:

"Christmas is the great feast of the Prince of Peace. Because some men refuse to follow the Prince of Peace, there is danger of war. Because others refuse to follow Him, we have crime and misery. Because some of us who profess to follow the Prince of Peace do not follow Him completely, some of us do not have the complete peace which He promised. If we would resolve this Christmas to

follow Christ completely and without reservation, we could have a peace that is beyond our fondest imagination. This peace is possible, in fact it has been enjoyed by followers of Christ in all walks of life, some rich, some poor, some healthy, some sick. What a Christmas present we could give ourselves if we would!

"May the Prince of Peace come into your hearts and remain there forever!"

BUSINESS GIFTS

Modest Gifts In Good Taste

The date of December 25, as the birthday of Jesus, has been generally observed in most Christian countries since the fourth and fifth centuries. Before that time only the Epiphany (commemoration of the Baptism) was observed.

Formed last year by a group of sales managers interested in clearing the air relative to the subject of business gift buying,

the Business Goodwill Advisory Council has taken the first significant step in this direction. In a folder entitled "Business

Gifts At Christmas -- Good or Bad?", the organization set forth seven basic "Keys to Success" in the selection and distribution of business gifts. The rules developed by BGAC are:

1. Keep your gifts of modest value in relation to the importance of each recipient as an employee, prospect or customer. Extravagant gifts smack of bribery.
2. Choose your gifts individually, considering the tastes of each group of recipients, or preferably, of each individual recipient.
3. Choose only high quality gifts that are useful, durable and dependable.
4. Personalize each gift, if possible, with the recipient's name or initials.
5. Package each gift attractively and securely.
6. Accompany each package with a personal note, greeting card or at least a special gift label.
7. Deliver each gift with a flair, if possible--personally or by special messenger -- and preferably to each recipient's home rather than to his office.

The organization makes a strong point of the fact that "as a result of occasional abuses . . . some businessmen have made the mistake of forbidding their employees to accept business remembrances before realizing that such a public statement bares basic mistrust of the employees and inevitably results in very poor employee and public relations."

On the other side, detailed surveys have shown that "business giving is generally on the upswing; that the practice is definitely worthwhile, but it does depend on how it is done."

"The giving of well-chosen remembrances can be a highly rewarding practice," the survey concludes. "Goodwill generates easily and it generates best when the remembrance is presented in a truly thoughtful manner as an honest token of appreciation."

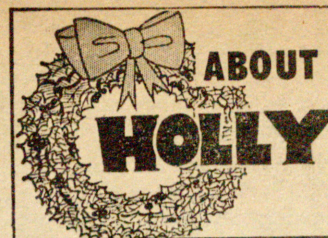

Christmas, Or JUL: Baked Cakes & Boar

In Scandinavian countries, the celebration of JUL, or Christmas, begins on Christmas Eve and continues for 13 days, ending with a "twelfth night party."

Baked delicacies and sweets are abundant during the 13 days and cakes are baked in the shape of a boar, recalling the ancient feasts of the Norsemen which always centered around roast boar.

Scandinavian Christmas trees are decorated with bright gold and silver stars and long strips of gaily colored paper. A small figure of a goat constructed of straw serves as a reminder of the custom of saving the last sheaf of the harvest for the magic it was supposed to possess.

Presents are brought by the TOMTE, tiny, gnome-like figures dressed in Christmas outfits.

The popularity of holly as a Christmas decoration is not merely because the plant retains its prickly green leaves and bright red berries after winter's cold has withered other forest greenery.

Before the Christmas, Romans sent gifts of holly to friends to mark the December festival of Saturn. The superstitions

Druids kept holly in their dwellings, as an invitation to the "spirits" to enter and seek shelter from winter cold and winter winds. The early Germans used holly in an observance which marked the return of the sun from its southward pilgrimage.

In medieval times, holly was used as a remedy to treat a variety of aches and ailments. Some early American Indians even attached twigs of holly to their shields, in the belief that some special powers within the holly would make them more formidable in battle.

Holly, like mistletoe, is surrounded by legends and superstitions, dating back to pagan rites and rituals. We moderns attach no particular significance to our use of holly as a Christmas decoration -- other than that it is "traditional" and "pretty." Yet, we use so much more holly than our ancestors used that today the plant has all but disappeared in some sections of the country.

NATIVITY

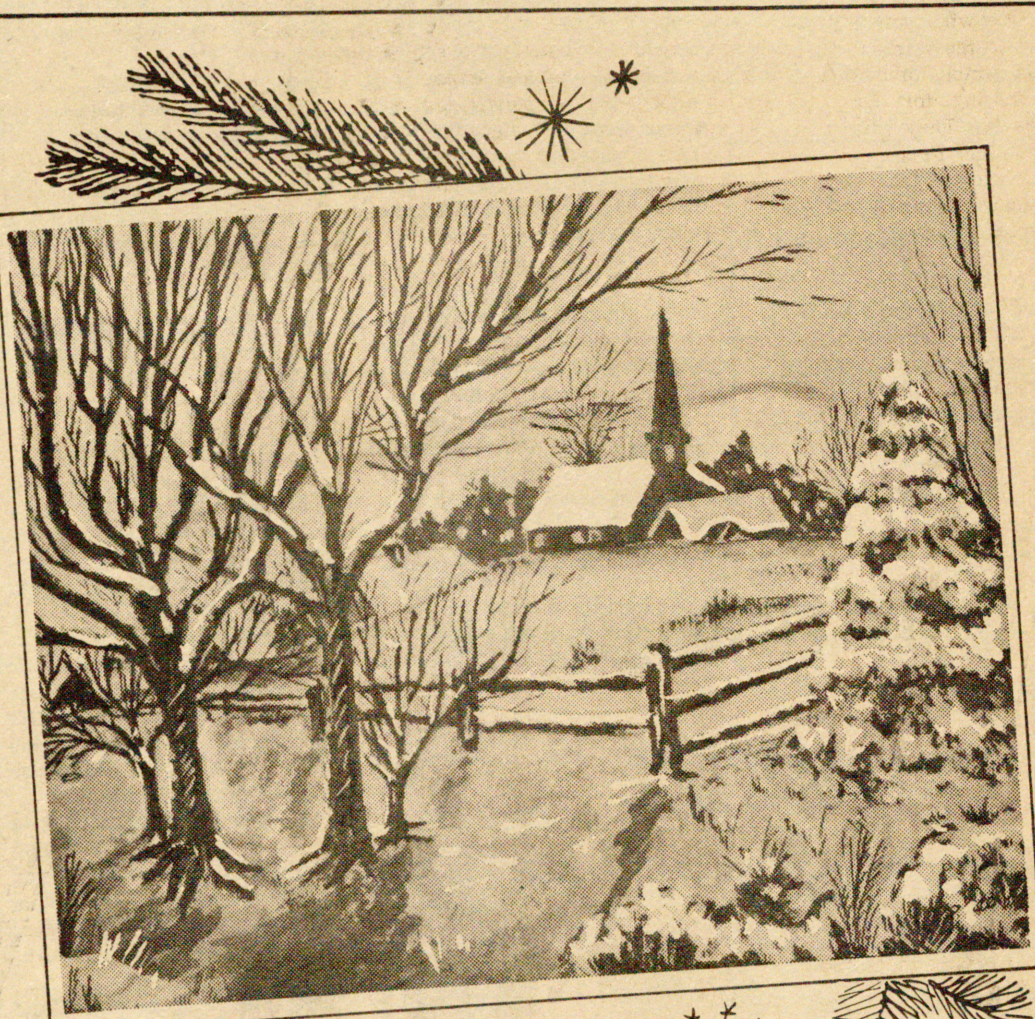

The Nativity theme is by far the most popular of all Christmas card illustrations. Many are reproduced from famous paintings, but each year others are created especially for the Christmas card industry.

Christmas will mean so much more to you if you attend the special services at the church of your choice with your family

MISTLETOE
The mistletoe, despite the fondness that we have for the plant at Christmas time, is actually a parasite. The white-berried plant sometimes kills off the trees that play it host.

DECORATING TIPS

You don't have to spend all your money to have a beautifully-decorated home at Christmas. Use ingenuity. Make most of your own decorations. In addition to the savings you'll find that it's fun -- and highly satisfying.

For example, stir up your own tree ornaments in a mixing bowl. Combine plastic starch

and laundry detergent to make a stiff mixture. Then make frosty icicles by dipping bobby pins into the mixture. A loop of string tied through the closed end of the bobby pin serves as a handle for the dipping and as a hanger to put it on the tree. Burned out flash or light bulbs make lovely tree balls if painted in gay colors. Stick on colorful seals, sequins, or ribbons for a finishing touch.

Popcorn strings, an old favorite, are colorful Christmas-tree ropes if you pop the corn two or three days before stringing, and dip it in a thin sugar syrup colored with vegetable coloring.

Save lids from paper ice cream cups, then trim by past-

ing on colored designs cut from old Christmas greeting cards. To hang, slip a paper clip or wire through a hole punched in the tab of the lid.

HOLIDAY CUSTOMS

In Norway, there is always an almond hidden in the Christmas pudding and the finder, according to tradition, married during the next year. In Sweden, the Yule table is laden with buns, cakes and berries of varying shapes and colors. Roast goose is the holiday headliner for the Danes, who stuff the bird with apples and prunes, and serve it with cabbage and potatoes.

Knights Down Reavis Cagers 50 To 37 After Slow Start

BY BILL SLUIS
The Lincoln-Way Knights, in their fifth consecutive victory, beat the Reavis Rams 50-37 Friday night. Paced by Skip Kruzich's 19 points, the Knights led all the way from the end of the first quarter. The game was witnessed by a somewhat sparse crowd in the Reavis gymnasium.

Bill Marcordes of Reavis led scoring with 20 points for the losers. His total was followed by Kruzich's 19 and Duane Warning's 11. Kruzich has now scored exactly 100 for the season.

The first quarter was a close struggle. Ron Cramer and Skip Kruzich each sacked six points for the Knights, enabling them to hold a slim 13-12 margin at quarter's end. Bill Marcordes and Dennis Moran of Reavis each scored four during the opening minutes.

Lincoln-Way pulled away in the second quarter. Their 17-point barrage put them ahead 30-22 at half time. Marcordes scored eight and Kruzich seven.

Scoring slowed down a great deal after the intermission. The Knights netted only five points to Reavis' eight, which brought the Rams within five points of the Knights at the conclusion of the third lap.

In the final stanza big Duane Warning of the Knights bucketed seven points—the same total as that of the Ram quintet. Duane and his buddies outscored the Rams 15-7 during the final period, and the final score stood 50-37.

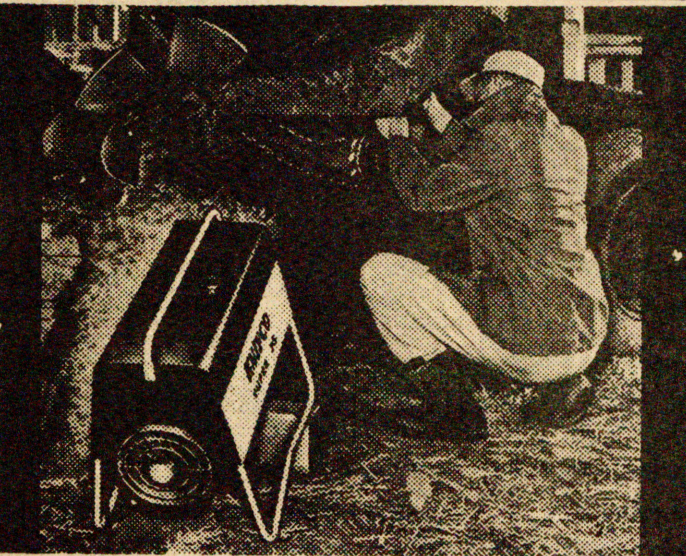

Defense was once again the keynote of the game. The Knights have now given up only 107 points in three Southwest Suburban games to hold the honor of top defensive team. If their defense remains this good there is no reason why they can't win the SWS crown, because the offense has averaged 56 points per game. Lincoln-Way is presently tied for the conference lead with Homewood-Flossmoor. Homewood is primarily an offensive team. When the two teams clash in January a lot will be decided.

During this week the Knights were scheduled to play a SWS game with Rich of Park Forest on Tuesday night. On Wednesday, Thursday, and Friday they play in the Crete-Monee Holiday Tournament, for which they were rated No. 1. Next week they will play host for a Lincoln-Way Holiday tournament, also as the favorite. Before New Year's Day, if they remain undefeated, they will have a 12-0 record! It would be a fine Christmas gift.

Knights 13 17 5 15—50
Reavis 12 10 8 7—37

High Scorers — Marcordes 20 (Reavis) Kruzich, 19, Warning 11 (L-W)

In the midst of it all, with once-ornate decorations reduced to floor litter, with toys scattered all about the house, in the tumult and the din of it all, there should be one moment for quiet meditation, for reflection, and for thanksgiving; not for the gifts, nor the well-wishes of the givers; but instead for another Christmas — lest we forget the real purpose of it all.

JUST ONE BASKET AFTER ANOTHER — that was the way it was for Sandburg's varsity in its game against Reavis, a SWS conference foe, in the Eagles gym last Saturday night. Sandburg, of course is wearing white as the host team, and that chap wearing No. 44 in Bill Bourne, with Ron Lindgren, No. 22, lead the scoring for the Eagles. No. 54 is Lance Roberts. Next time, fellows, face the camera. No. 33 of the Reavis squad was not identified for caption purposes.

Lincoln-Way Grapplers Lose To Reavis, Oswego

Last Friday and Saturday were not good days for the Lincoln-Way wrestling teams.

On Friday night the Knights lost to Reavis in a Southwest Suburban conference match at Lincoln-Way. The host varsity team took a 39 to 3 trouncing while the L-W frosh-sophs came out on the short end of a 34-13 score.

The New Lenox grapplers traveled to Oswego on Saturday night. The varsity lost 27 to 21 but the frosh-sophs won 41 to 10. Oswego ranks as one of the strong teams in the state.

In the varsity matches there one of the surprise victories was Bill Delaney (L-W) over Tom Wheeler who had won six matches in as many times out, five of them by falls. Delaney pinned him in a little less than two minutes.

In the frosh-soph match at Oswego Dan Gast, Terry Weber, Bob Hunter and Ronald Sylvester of Lincoln-Way won by falls. Jim Walsh, Randy Reiter, Bill Harder, took decisions. Earl Suchoski tied in his match and Charles Roberson and Bob Haley won by forfeits.

Weber won by a fall against Reavis, Gast and Hunter, by decisions, and Sylvester drew.

In the varsity go with Reavis Big Ed Smith decisioned Roy Adoint. It will be Ed's last appearance before a home crowd.

He will be over the high school age limit for sports after the mat tournament at Normal Dec. 27-28 but he can and will participate in that event.

Coach Ron Larson thinks he has a good tournament team this year. It lacks balance to be a good dual match team, he said, but has some good boys that should get Lincoln-Way some high tournament finishes. Cliff Sheatwood, Tony Santerelli, Bob Edmondson, John Charvat and Ed Smith are talented lads and Larson had a good prospect for the varsity in Terry Weber, a sophomore. In fact he may be brought up to the varsity shortly. Smith has been on the varsity four years.

The Night Before Christmas

'Twas the night before Christmas our Dad bought a house With fireplace and mantle—but no hole for the mouse! There are cabinets aplenty in the kitchen for Mom And a place in the basement for our old cat, Tom. A house insulated from ground floor to attic, Water heater and furnace, both automatic There are three spacious bedrooms and closets galore And our faces reflect in the fine hardwood floor. Just off the hall is a shiny new bath And this takes the place of that well trodden path. The storm doors and windows, insulated with care Keep out the dirt and the frost-bitten air; The plumbing is good—and the wiring is, too, No repairing at all for Daddy to do! Attached to the house is a heated garage (Could this be a dream? or perhaps a mirage?) 'Round the house is a lawn with shrubbery and trees And room there to play whenever we please! While from the den all panelled in birch Is a view of the tower above our own church. This, I know, is the very best Christmas of all— For Daddy is pleased with the payments so small. So to God we give thanks for our home snug and dear, Such a nice place for Santa to visit each year! May you, too, have a Christmas of love, mirth and fun, And a Happy New Year, to our friends, everyone.

Wm. Kilgore Family Holds Open House

MRS. WALTER PLUMLY
Tel. Mokena 5701

Mr. and Mrs. William Kilgore and daughters Susan and Kathleen entertained with Open House at their home at 9437 West Elm Avenue, Sunday Dec. 11, from 7:00 to 6:00 p.m. Bad weather prevented many friends from attending, however, guests from Chicago included Mr. and Mrs. Samuel Leak and Ronnie; Mr. and Mrs. Larry Carroll, Tommy and Larry; Mr. and Mrs. Harold Anderson, Judy, Janice, Carl and Cheryl; and Donald R. Kilgore; from Oak Park were Miss Ruth Regnier and Mrs. Julie R. Cain and from Lake Bluff, Ill., Mr. and Mrs. Francis Wells.

Friends and neighbors of Mrs. Frank Blank of 9424 West Elm Ave. will be sorry to learn that she was taken to Hinsdale Hospital Monday, Dec. 12 for treatment. It is hoped that she will be able to be home with her family for Christmas.

Children of Summit Hills School enjoyed room parties at school Wednesday afternoon with gift exchange, refreshments and a visit from Santa Claus. School was dismissed for the Holidays and will take up again at 9:00 a.m. on January 3rd.

Parents in School District 161 who are interested in Kindergarten for the coming semester or for next September, are asked to meet at the home of Mrs. John Hayden, 9436 W. Pine St. Wednesday, Dec. 28th at 8:30 p.m. to discuss any past experience with kindergarten and to gather different opinions and suggestions on this subject — any and all ideas will be welcome.

Now lets meet the folks on West Willow Lane — that's the last street on the South, the one we're always going up thinking we're on a thru street. At the far East end, 9400, live Richard and Phyllis Prather, formerly of Cicero, Mr. Prather is with Albert Pick and Company and Mrs. Prather works for the Illinois Central Railroad.

At 9406 are William and Donna Lachowicz with Lori, 4, and Steven, 18 months old. They moved out from Chicago — Bill's father, Bruno Lachowicz, makes his home with them. Bill is employed by Signal Delivery Service, Chicago Ridge. 9424 is the address of Sam and Claire LaRocca and children — Cheryl, 12, Sammy, 6, Johnny, 5, Claire, 3, and Joe, 1 year old. They are former Chicago residents also — Mr. LaRocca is Assistant Tax Agent for the Rock Island Lines in downtown Chicago.

We find Austin and Virginia Brant at 9436 with daughters Marcia 4, Sandra, 2, and baby Brenda, 6 months old — they are from Cleveland, Ohio and have been living in Park Forest during the past year. Mr. Brant is Associate Editor of Steel Magazine for the Penton Publishing Company.

Congratulations to Robert and Sandra Nauman of 9442 who celebrated their first wedding anniversary on Dec. 19th. This young couple came here from Blue Island—he's with the I.B.M. Corporation at 94th and Western and Mrs. Nauman is employed by Chicago Title and Trust in the Loop.

Roland and Ellen Schean live at 9450 with daughters Linda, 13, and Ellen Alice, 3 — a son, John Dale Perek, is serving in the U. S. Navy. They are from Chicago — Mr. Schean is with D. D. Kennedy at Mannheim and Madison.

This concludes the introduction of our Arbury Hills residents street by street — hope you have enjoyed meeting your neighbors in print as much as I have enjoyed calling on all of you. If I have missed anyone, or if you have new people on your street, please call me so we can introduce them and welcome them to Arbury Hills. A very Merry Christmas to you all!
